5 11128708 2017 AUDI A4 Electrical AFTER HAVING THIS VEHICLE FOR 18 MONTHS THE CAR BEGAN TO FREEZE WHILE BACKING UO. THERE ARE NO OBJECTS, CARS OR HUMANS ANYWHERE AROUND THE VEHICLE WHEN THIS OCCURS. THE CAR WAS MOVING AT A VERY LOW SPEED WHEN ALL OF A SUDDEN THE AUTO LOCKS UP AND THE BRAKES ENGAGE, YOU HAVE TO STEP ON THE BRAKE IN ORDER TO RELEASE THE VEHICLE. THIS OCCURS WHILE BACKING OUT OF A PARKING SPACE, MY GARAGE WHERE THERE IS NOTHING NEAR THE VEHICLE. I HAVE TAKEN THE CAR TO AUDI 3 TIMES AND EACH TIME THEY TELL ME THERE IS NOTHING WRONG WITH THE VEHICLE. I HAVE ALSO CONTACTED AUDI USA NUMEROUS TIMES AND WAS AGAIN TOLD THERE IS NOTHING WRONG WITH THE VEHICLE . I CONTACTED AUDI'S EXECUTIVE OFFICES AS WELL. BOCA RATON FL Failure Date: 05/13/2018

5 10927537 2017 AUDI A4 Electrical ON TWO SEPARATE OCCASIONS THE DRIVER'S SIDE FRONT WINDOW STOPPED FUNCTIONING. IT HAS ALWAYS BEEN IN THE DOWN POSITION WHEN THIS HAPPENS. THE OTHER WINDOWS STILL FUNCTION PROPERLY. MULTIPLE VEHICLE POWER CYCLES DID NOT CORRECT THE PROBLEM. AFTER A FEW DAYS IT JUST STARTED TO WORK, THE FIRST TIME. IT STILL DOES NOT WORK AFTER THE SECOND OCCURRENCE, THAT BEGAN EARLIER TODAY. DIDN'T MATTER IF THE VEHICLE WAS MOVING OR NOT, HAD BEEN RUNNING FOR A WHILE BUT NOT MOVING. THE FIRST OCCURRENCE HAPPENED THE DAY AFTER THE DEALER DELIVERED THE VEHICLE, IT CURRENTLY HAS 15XX MILES. EAST LIBERTY OH Failure Date: 11/22/2016

5 10926549 2017 AUDI A4 Electrical A FEW DAYS AGO I HAD AN ACCIDENT. I MADE A LEFT TURN ONTO THE EXPRESSWAY RAMP AT 42 MPH. THE ROAD WAS WET AND AUDI IN THE MIDDLE OF THE TURN ACTIVATED &#8220;PRECRASH SENSORS&#8221; AND BEGAN TO BRAKE HARD AND THE SYSTEM LOCKED THE STEERING WHEEL. THE CAR WAS COMPLETELY UNCONTROLLABLE AND CRASHED THE FRONT WHEEL INTO THE HIGH CURB, WHICH DAMAGED THE WHEELS, RIM AND AXLES. THE AUDI EXCHANGE DEALERSHIP IN IL CHECKED AND THE SENSORS ARE FUNCTIONING PROPERLY.

NHTSA Consumer Complaints as of June 10, 2019

THEY CLAIMED THAT I IMAGINE THINGS THAT DO NOT EXIST AS THEY SAID IT WAS IMPOSSIBLE FOR THE CAR TO TAKE CONTROL AND TO BRAKE THE CAR. THEY ALSO SAID I DO NOT HAVE THESE FEATURES ON THE CAR, BUT THE CAR IS SO EQUIPPED WITH THIS TECHNOLOGY. ( BECAUSE MANY TIMES IT HAPPENED TO ME OUT OF THE CAR STARTED TO BRAKE WITHOUT A REASON TO BRAKE, WHEN I TRIED TO GO AROUND BIKERS AT THE SAFE DISTANCE, OR WHEN PARKING. WHEN I MADE THE COMPLAINT IN THE AUDI DEALER THEY TOLD ME THAT THIS IS NOT POSSIBLE, AND LAUGHED IN JUNE). I AM AWARE THAT I WAS MOVING FAST BUT FROM MY EXPERIENCE I KNOW THAT I COULD DO THIS TURN WITHOUT AN ACCIDENT. PREVIOUSLY I OWNED A 2013 BMW 528 XDRIVE AND THE CAR SEVERAL TIMES SLIP ON THE SNOW AND I COULD CONTROL THE CAR STILL. I BELIEVE THE PRESENSE SENSORS ACTIVATES THE COLLISION AVOIDANCE SYSTEM RESULTING IN A LOSS OF CONTROL IN THE CAR AND SUBSEQUENT ACCIDENT. CHICAGO IL Failure Date: 11/08/2016
